C8 Package

C14
(R17 cell)

C8	Inspiration O2 Interface package. Includes I/O connector activation PIN (C9) (and fitting of I/O connector if necessary) Inspiration O2 interface (item 1068) & 1.5m cable (C10)	536,00
C14	R17 oxygen cell (fits C10 and C10a) Note: C14 Not included in C8 Package	105,00
C9	PIN for activating the I/O connector for use with an external oxygen cell	238,00

	1068	Canister O2 interface only	131,00
	C10	I/O connector linking 1.5m cable (Inspiration CCR version)	167,00
	C8a	Draeger O2 Interface package can also be used with other Rebreathers by installing a Draeger 'P' connector (C16) in the counterlung Includes: I/O connector activation PIN (C9) (and fitting of I/O connector if necessary) Draeger Port / Interface and 1.5m cable (C12a)	553,00
C8a Package			
	C9	PIN for activating the I/O connector for use with an external oxygen cell	238,00
C15 (R22 cell)	C15	R22 oxygen cell (fits C12a) Note: C15 Not included in C8a Package	105,00
	C16	Counterlung 'P' connector to take Draeger O2 interface Note: C16 Not included in C8a Package	36,00
C10c	C12a	Draeger Port / Interface and 1.5m cable	315,00
	C10c	1.5m cable with only the VR3 end attached, other end open	93,00

Oxygen Analyser	EUR
This package turns a VR computer into an Oxygen Analyser	

	C8b	Oxygen analyser kit Includes: I/O connector activation PIN (C9) (and fitting of I/O connector if necessary) cable (C10a) cell (C14) Analyser cylinder 'Quick Ox' kit (C13) VR3 Soft Carry Case (C26)	467,00
C8b			
	C9	PIN for activating the I/O connector for use with an external oxygen cell	238,00
C10a	C10a	VR3 to I/O connector linking cable (Analyser version)	93,00
	C14	R17 oxygen cell (fits C10 and C10a)	105,00
C13	C13	Analyser cylinder 'Quick Ox' kit	31,00

VR - PC Downloading Items	EUR
----------------------------------	------------

	C11	PC Downloading activation PIN	95,00
	PCLink	PC Downloading cables USB to I/O Connector Cable in Zippered pouch with Pocket Prolink CD	95,00
	PCIR	USB Infra Red Cable in Zippered pouch with Pocket Prolink CD (PCIR can only be used with units built pre 2007)	48,00
	PCLinkP	The VR Prolink Package with USB to I/O connector cable Includes: PC Downloading activation PIN (please supply VR serial number when ordering) NEW Prolink Dive logging software Proplanner decompression planning software (Dos) Personal detail editor and PIN loading software USB to I/O Connector Cable in Zippered pouch with Pocket Prolink CD	191,00
PCLink			
	PCIRP	The VR Prolink Package with Infra Red link and USB cable Includes: PC Downloading activation PIN (please supply VR serial number when ordering) Windows Prolog Dive logging software Proplanner decompression planning software (Dos) Personal detail editor and PIN loading software USB Infra Red Cable in Zippered pouch with Pocket Prolink CD (PCIRP can not be used with 2008 units as they have no Infra Red link)	143,00
PCIR			

Universal Rebreather Monitor		EUR
	561 Triple O2 Cell Package only	1192,00
	550 Optional secondary display	882,00
	561 + 550 Triple O2 Cell package with Secondary Display	2073,00
URM - A / URM - AS A Board VR3 upgrade for use with URM		1156,00
URM - B / URM - BS B Board VR3 upgrade for use with URM		624,00
URM - C C Board VR3 upgrade for use with URM		203,00
Upgrades to new VR computers for use with the Universal Rebreather Monitor are free of charge
